LEADING CITIZEN ACTION

This is what citizens are saying about Doug Sharpe and Canada Family Action...

"Doug Sharpe and Canada Family Action are a breath of fresh air in a time when many feel disillusioned with politics. Through the National Leadership Briefing and his commitment to the 4 Pillars, Doug provides not only insight into key issues but also practical strategies to take action. His guidance has been instrumental in my roles as Policy Chairman for the Conservative Party of Canada (CPC) in Calgary Shepard and as an active participant in the United Conservative Party (UCP) of Alberta. With Doug's support, we've advanced pro-family policies at both provincial and federal levels, making a real difference for our communities."

**DR NEIL CAMPBELL | NATIONAL DIRECTOR
FAMILY FOUNDATIONS CANADA
FOUNDER OF THE MIGHTY MAN NETWORK**

"We deeply appreciate Doug Sharpe and the National Leadership Briefing for their steadfast dedication to protecting religious freedom in Canada. Their guidance empowers us to stand firm in our faith and values. Thank you for leading the way with wisdom and courage."

**MARILYN JONES | PRESIDENT AND CEO
SID ROTH'S IT'S SUPERNATURAL
AND MESSIANIC VISION CANADA**

"We consider Canada Family Action a partner organization actively supporting the work of Freedoms Advocate. The focus of Canada Family Action aligns with our mandate to support Faith, Family and Freedom across Canada and in our courts. Doug Sharpe, the president of Canada Family Action, is an outspoken supporter of our work actively engaging with us to ensure our joint efforts are well understood, supporting our mutual goals and objectives. Recently, our commentary on Bil C293 was aired on the National Leadership Briefing, another example of our mutual support."

**RANDY CROSSON | EXECUTIVE DIRECTOR
FREEDOMS ADVOCATE**

"Doug Sharpe was an invaluable partner in helping us establish our Southside Victory Church Citizen Action Group (CAG) and develop a CAG starter package to share with other churches across Canada. I recently saw Doug Sharpe present at my church and he challenged us to mobilize our networks and gave us the tools to be a part of the change that Canada needs."

God bless Doug and Canada Family Action!"

**DAYMOND | FORMER CAG MINISTRY
LEADER & SUPPORTER**

"Doug Sharpe and the Canada Family Action organization is truly a gift to the Canadian Church. Doug's ability to articulate and communicate the four pillars, the principles and biblical values that undergird this movement in a coherent, cohesive, and clear manner, is second to none.

The clarion call for Christian Leaders and Believers to engage with Civil Government to protect and preserve our shared biblical values and families is presented with excellence and wisdom. Doug leaves no room for doubt that Bible Believing Canadians must engage in the public arena to fulfill the mandate to be salt and light in our culture.

Secondly, the impact of this ministry cannot be measured alone, by the number of attendees at conferences, seminars and Ministerial's nor the number of subscribers on the social media platforms. The greatest impact is the transformation of people, churches, towns, cities, and regions that have embraced the message and values shared by the Canada Family Action Organization and for that we are eternally grateful, Well Done!"

**"DOUG SHARPE AND
THE CANADA FAMILY
ACTION ORGANIZATION
IS TRULY A GIFT TO THE
CANADIAN CHURCH.**

"Doug adds thoughtful value to everything he's involved in. His solution based orientation is invaluable to the church advancing His Kingdom in present culture.

I find the interplay in the guest dialogue on the NLB very interesting with a high level of relevancy assisting the viewer in the practicals of summoning courage for societal engagement and involvement in their community.

The 4 Pillars or 4 Values which strengthen the fibre of both NLB & CFA's message are pillars to which we can align.

The availability of the NLB recordings and notes are great tools for ongoing learning and the equipping of others."

"Some people are blessed with the gift of administration. Others have a prophetic gifting to be able to see and understand 'the big picture.' Doug Sharpe is one of those rare individuals who is divinely empowered in both areas. This unique 'double portion' was obvious to me through the years we worked together. And CFA is blessed indeed to have him at the helm, seeing what needs to be done in our nation, and inspiring so many people with the creative steps on how to get there. No matter how you support CFA, with your prayers, time, or resources, you are getting true and eternal 'value for money' with Doug."
